School

Summer
FUN

Every week of camp has a new exciting theme. Each day our teachers will lead a group of children through various kinds of activities, cooking will also be an integral part in each of our themes.

For children aged 1.2Y to 5Y

Week 1 & 4: Marine Biologist

3-6 Jul & 23-27 July

Students will learn how marine biologists help protect our oceans and sea animals. From cleaning up an oil spill to tracking sea turtles, they get to experience how marine biologists positively impact marine life. Children will learn about sea conservation whilst beating the heat of summers in our children's pool.

Week 2 & 5: Plant Scientist

9-13 Jul & 30 Jul - 3 Aug

Students get to learn about plants and the technology and science that helps them grow to provide food for people. Explore different methods for planting and cultivating food.

Wildlife Specialist

Week 3 & 6: Wildlife Specialist

16-20 Jul & 6-10 Aug

Explore the
Students will explore how
to protect and make sure
animals are around for many
generations. Children will
discover a love for animals and how
we as humans can make sure they are safe
and healthy.

The lost world of Dinosaurs

Week 7 13-17 Aug The lost world of Dinosaurs

Students get to dig in the dirt (made by corn flour, oatmeal and coffee powder) to experience how paleontologists make fossil discoveries and learn about the world of the past. Explore the world of our ancient ancestors, plant and animal life from ages long ago with sensory experiences.

Little Artist

Week 8: Little Artist 20-24 Aug

Students will learn about different artistic styles and the art and design that are essential parts of our human experience. Students will create their own masterpieces and experiment with different techniques.

LEGO® Workshop

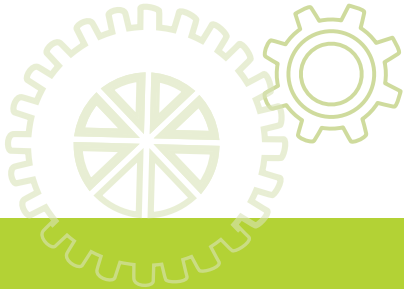

Structural Engineer

For 2.5Y-4Y / 5Y-7Y children
